

# ·MME BURTON: TECHNOLOGY USE·

Students are encouraged to bring cell phones, iPods, Tablets and/or laptops to class.

## My take on Mobile Devices in the classroom:

It is my belief that the use of mobile devices and computers in the classroom can greatly improve the learning process. Both the teacher and the student can get immediate feedback on how much understanding is taking place. In my class, I encourage mobile devices and I use technology to help students to learn and practice. However, inappropriate use of devices will result in consequences

*Students are expected to respectfully participate in conversations on Edmodo. It is important to exhibit appropriate DIGITAL CITIZENSHIP.*

## THE STOPLIGHT

To avoid confusion on when devices can be used in class, we will use, our stoplight.

GREEN- We are using devices for learning purposes. You may use them appropriately. (No texting.)

YELLOW: You may use them for music/ research.

RED- Devices should NOT be out. You will receive one warning, then the phone will be confiscated until after class and a detention

## Apps we will use:

These are apps for programs that we use regularly:

### BUBBLESHEET

This app will quickly and efficiently check for understanding. We will use it for reading, listening and other assessments.

### EDMODO

Access class reminders, videos and discussions quickly and easily.

### SCHOOLOGY

Access class resources, submit assignments and receive reminders.

For class reminders, sign up for remind

## Free Apps that I ♥

Just some suggestions to make your life easier. It's a list that will keep growing:

**For organization:** Evernote, Dropbox, Studios (Android), GoogleDrive, Keeper (iOS)

**For language practice:** StudyBlue, Quizlet, French Exercises (iOS)

**For class:** Infinite Campus, Socrative
